PROFESSIONAL PROFILE

Accounting professional with experience in accounts receivable, billing, bookkeeping, financial reporting, bank reconciliation, and feasibility analysis. Background spans leasing, lending, manufacturing, and feasibility study services, with a focus on financial accuracy, clearer reporting, and practical process improvements using Excel formulas, PivotTables, and VBA.

PROFESSIONAL EXPERIENCE

Feasibility Accountant

Feasib Accountant | August 2026 - Present | Part-time

- Prepare the financial aspect of feasibility studies, including financial analysis and reports to assess business viability.
- Discuss financial assumptions, results, and findings with clients to support understanding of the study.

Billing Officer

Brenton International Venture Manufacturing Corporation | June 2026 - Present | Full-time

- Manage billing operations for 600+ assigned customer accounts, preparing Sales Invoices and Statements of Account.
- Coordinate with customers to resolve billing and account discrepancies and support collection activities.
- Monitor accounts receivable aging for credit-term sales, including outstanding balances, overdue accounts, and collection priorities.

Accounting Associate

Moneyhub Inc., a subsidiary of Sinag Pawnshop Corporation | September 2025 - June 2026 | Full-time

- Managed full-cycle accounts receivable for leasing and lending, with accurate aging data and collection tracking.
- Prepared monthly financial statements and bank reconciliations for management reporting.
- Co-authored Loans Receivable and Rent Receivable policies. Handled municipal business permits and BIR filings.

Accounting Intern

NewFort Manpower Services Corporation | February 2025 - May 2025 | On-the-job training

- Encoded daily transactions into books of accounts and maintained financial records for BIR compliance.
- Supported payroll accounting for 120+ employees, verifying timekeeping records and calculating net pay.

SELECTED PROJECTS

Sales Invoice Generator

Excel 2019 / VBA / PDF workflow

Structured billing inputs populate a predefined invoice template, create numbered invoice sheets, and produce consistently named PDFs. Supporting tools consolidate invoice records into an SI Summary and retrieve invoice details by SI number.

AR Monitoring Automation

Moneyhub Inc. / Excel formulas / VBA / PivotTables

Enhanced existing leasing and lending receivables workbooks with one-click customer and tenant sheet creation, connected summary reports, and an AR aging report generator. Supported faster collection recording and clearer reporting.

AR Visual Dashboard

Excel / PivotTables / Data visualization

Created dashboards and summary reports as part of receivables monitoring improvements, organizing underlying records into a clearer visual overview for review and collection discussions.

CAPABILITIES

Accounting: Accounts receivable, billing, bookkeeping, financial reporting, bank reconciliation, payroll support, tax and regulatory compliance, and accounting policies.

Analysis: Feasibility studies, financial analysis, receivables aging, collection monitoring, and financial presentation.

Systems: Microsoft Excel, formulas, PivotTables, VBA/macros, QuickBooks, Microsoft Dynamics NAV, Microsoft Office, Google Workspace, and AI-assisted productivity tools.
